

Annexure (a)

CONFIDENTIAL MEDICAL EVALUATION REPORT

Die Oog Estate is a retirement housing scheme for persons over the age of 50 years and it is not an Old Age Home. Occupiers in the above housing scheme are required to be able to function independently as long as possible. It is necessary to determine if the prospective occupiers is able to comply with requirements that he/she is able to remain physically, mentally independent as long as possible. The care and support infrastructure on the Estate functions mainly at primary care level. Your judgement as medical doctor will be crucial in deciding if the prospective occupier can buy or not. In completing the form, please give attention to the following:

- History of pathological illnesses.
- Treatable or non-treatable health conditions.
- Ability to function independently.
